

WAYS TO SHIELD YOURSELF FROM SCAMS

Cybercriminals never take breaks and there are a number of different methods to identify and shield yourself from their attacks. Protect yourself and your business from hackers, scams, and cyberattacks starting with these tips.

KEEP DEVICES SECURE

Use multi-factor authentication when logging in to your bank and other accounts

SLOW DOWN

Take time to ask questions and check sources of emails to avoid rushing into a risky situation

DON'T REDIAL

Never call an unknown number back directly, the number may look legitimate but is most likely a scam phone line

REVERSE SEARCH

Always look up the official listing for any agency or business trying to contact you and reach out to them directly

DON'T SEND \$\$\$

Trustworthy businesses will not require immediate payment, especially in gift cards or MoneyPak
